

To make a deposit, first go to your online BSave account. Then Simply click on the "DEPOSIT" button on the bottom part of "Your saving account" Panel.

A pop up will appear with a unique Bitcoin wallet address and QR code that you can use to securely transfer Bitcoins to your BSave account. These were generated when you opened your BSave account and will remain unchanged.

Depending on your wallet features, you may either **copy the address** or scan the QR code that was generated for you.

There is no minimum or maximum deposit amount set. However Please note that as BSave is not designed to pay interest on cents the minimum amount BSave is able to pay on a daily basis is 1 bit of interest. As the BSave rate fluctuates, the minimum balance required to accrue interest ranges between **0.01** BTC and **0.05** BTC.

Typically, the duration of deposit process confirmation, takes 5 to 10 minutes. However please be aware that the process is blockchain proof of work process dependent, so time may vary.
